To Whom It May Concern:

It is my pleasure to recommend Jamie Rowe-Osborn. I had the privilege of working with Ms. Rowe-Osborn for three years while principal at North Community High School. Ms. Rowe-Osborn is an outstanding teacher. She epitomizes excellent teaching. I would highly recommend her as both a mentor and role model to other teachers.

Ms. Rowe-Osborn is a consummate educator. I have seen Ms. Rowe-Osborn take many extremely rambunctious ninth grade students and transform them into hard working, focused, goal-oriented students. She is a master in curriculum and instruction. She is an extremely creative curriculum designer and has been called upon by many peers in numerous capacities to aid in designing new educational tools. In addition, her classroom management skills are outstanding. She has a wonderful rapport with her students. People listen to her and highly respect her opinions. Even when she must make decisions that students don't agree with, they know she has their best interest at heart, and ultimately respect her choices.

In 2004, Ms. Rowe-Osborn had one of the most successful passing rates of tenth grade students on the Basic Standards Writing Test. Whenever there is a task to be accomplished, one can rest assured that she will not only get the job done, but in an effective and timely manner.

Any educational setting would be extremely fortunate to have her work with them. The students and staff alike will be better off for her influence and guidance.
